Monday's Mysterious Schooner
and Her Signals Explained.

THETIS LOOKING FOR IVERNA

Steamship Elder Not to Sail Yet—
French Ship Hoche Arrives From
Honolulu—Waterfront Items of
General Interest to All.

Captain Abrahamson, of the three-masted schooner W. F. Jewett, now in the city channel, awaiting orders as to her destination for loading, and which arrived in this port yesterday after a long voyage of thirty-one days from Redondo, furnished the clew to the mystery surrounding the schooner reported on Monday as off the bar and flying signals for a tug. He reports a long and arduous trip up the coast with heavy weather all the way, and to this was added the misfortune of his own broken health, which two weeks ago necessitated his turning the command of the vessel over to his mate. Captain Abrahamson is well along in years and his health is failing him plainly, but he will stay with his vessel until she shall have received orders for and reached her port of destination, after which he will leave her, and proceed to his home in California. He has been off the bar for the past eleven days and ran up the tug call to expedite his entry here. His many friends in these waters will regret to learn of his lapse from good health.

Captain Anderson, of the bar pilot service, reports having spoken the government revenue cutter Thetis off the mouth of the river on Sunday last, and ascertained that the Thetis is out after the British ship Iverna. The cutter's master reported that he had had no sign of the missing ship, and asked if there was any news of her here; on being told that nothing had been seen or heard of her, he squared away for the south, stating that he had made a northern circuit in search of her, and hoped to pick her up to the southward, and there is universal hope hereabout that he may be so fortunate.

The motor schooner Gerald C. has arrived in port from Nehalem with nearly a thousand cases of salmon for S. Elmore & Company, besides a lot of dairy products. Captain Latham reports that he was bar bound there for a full month, and that there is plenty of water, mostly flood water, on that bar. He had a lively time coming in over the Columbia bar, but

made it comfortably by using good judgment.

Parry Jones, the well known wrecker for Lloyds' in the Great Lake service is here to thoroughly inspect the conditions attaching to the ship Peter Iredale, and to make up a report from which her owners may determine what, if any, steps shall be taken for floating her later on. Mr. Jones is well known in this port, having been here on several similar errands in the past.

The departure of the steamship Geo. W. Elder, which had been heralded from Portland, to take place on Tuesday, yesterday morning, has been delayed indefinitely by reason of a misunderstanding between her owner, Captain Jack Peterson, and Mr. Doe, her agent. She has not even registered at the custom house, and may not be out for weeks to come.

The French ship Hoche, Captain Jouanjean, from Honolulu, arrived in this port yesterday noon, and will proceed to Portland as soon as she can get a tow. She reports a favorable trip up from the Islands, where she left on October 26th last, with stiff, though favorable winds nearly all the way.

The French bark Empereur Menelik will finish unloading the 12,000 barrels of cement at the O. R. & N. pier for the Southern Pacific company, this evening, if all goes well, and will immediately leave up for Portland, or as soon as a tow can be furnished her.

After a voyage of seventy-eight days from Newcastle, N. S. W., the British ship Bordick Castle, has arrived in this port and is now at anchor in the lower harbor. Captain Taylor reports a noneventful trip up, without any great access of bad weather.

The Columbine went to sea yesterday forenoon with Commander Werlich on board, on an inspecting tour of the upper coast stations and to investigate the progress of the work on the new lighthouse at Cape Hinchinpoint.

The steamer Lurline has reformed. She came down again last evening on her old early schedule and left up in good season, well patronized.

The steamer Alliance is due in today from Coos Bay points, with freight and passengers for this port and Portland.

The steamer Robert Dollar went to sea yesterday at high noon, with her big cargo of lumber for San Francisco.

The freighting steamship Aztec is due down from Portland on her way to San Francisco, sometime today.

CITIZENS NOMINATE
MUNICIPAL TICKETHON. HERMAN WISE NOMINATED
FOR MAYOR, CHAS. H. ABER-
CROMBIE FOR CITY ATTORNEY
AND TWO COUNCILMEN.

As usual, a large number of prominent citizens gathered at the city hall last evening, pursuant to a call from the Citizens' central committee to nominate candidates for the various positions to be filled in the city government for the ensuing city election. The meeting was called to order by C. J. Trenchard, chairman of the Citizens' committee. C. J. Trenchard was selected as temporary chairman and Max Pohl temporary secretary.

It was moved and seconded that a committee of three be appointed on order of business and platform. The chairman appointed Olof Anderson, Thos. Dealy and George Kaboth as such committee. A recess was taken awaiting the report of the committee.

The committee submitted the following platform and order of business: To the Citizens' Assembly.

We, your committee appointed on order of business and platform, respectfully report.

Order of business:

First, the nomination of a candidate for mayor.

Second, the nomination of a candidate for the office of city attorney.

Third, the nomination of two candidates for councilmen for the first ward.

Fourth, the nomination of a candidate for councilman for the third ward.

Fifth, the appointing of an executive committee, to consist of one person from each precinct.

And we herewith recommend the adoption of the following platform:

We believe in a non-partisan business administration of the municipal affairs of Astoria and pledge our candidates to the fulfillment of these principles.

O. ANDERSON,
THOMAS DEALY,
GEO. KABOTH.

Committee on Order of Business and Platform.

The chairman announced that nominations were in order for the office of mayor. C. J. Curtis placed Herman Wise in nomination, and there being no further nominations, they were declared closed and the secretary cast the ballot of the assembly for Herman Wise.

For city attorney C. J. Curtis placed A. M. Smith in nomination. Mr. Smith in a few brief remarks declined the nomination, and M. F. Hardesty placed Chas. H. Abercrombie in nomination. The nominations were declared closed, and Chas. H. Abercrombie was declared the choice of the convention for city attorney.

For councilmen from the first ward, the following nominations were made: Leander Lebeck, Jens H. Hansen and John Carlson. A ballot was taken, resulting as follows: Hansen 64, Lebeck 52, Carlson 19. Hansen and Lebeck were declared the nominees.

For councilmen in the third ward, L. O. Bellard and Axel Jacobson were nominated. A ballot was taken with

the following result: Jacobson 5, Bellard 4. Mr. Jacobson was declared the nominee of the convention. There being no further business, the convention adjourned.

A Boon
to the Bilious

Are you compelled to deny yourself many wholesome foods because you think they make you bilious? Do you know that your condition is more to blame than the foods? Your liver and stomach need attention more than the diet. When you find yourself suffering with a bilious attack, take

BEECHAM'S
PILLS

and all annoying symptoms will soon disappear. They settle the stomach, regulate the liver and exercise the bowels. Their good effects are felt immediately.

Beecham's Pills mingle with the contents of the stomach and make easy work of digestion. The nourishing properties of the food are then readily assimilated and the residue carried off without irritating the intestines or clogging the bowels.

Beecham's Pills should be taken whenever there is sick headache, furred tongue, constipation, sallow skin or any symptoms that indicate an inactive liver.

MINERS DISSATISFIED.

Allotment of Federal Reserve Will Be
Appealed From.

CANYON CITY, Or., Nov. 20.—An appeal to the Department of the Interior by residents of the Greenhorn mining district is probable as a result of the Blue Mountain Reserve range allotment, completed Thursday at Sumpter by department agents.

Miners of the Greenhorn asked considerably more territory than they got, and are reported greatly dissatisfied. They claimed an extensive allotment was necessary to keep their claims from being overrun with sheep, but the government representatives limited them greatly, and they fear the impairment of their water supply and destruction of their pasture. In past years a good deal of sheep shooting has taken place in the Greenhorns.
